THE GREEKS

11 April – 31 May 2018

(...) to begin from the beauties of earth and mount upwards for the sake of that other beauty, using these as steps only, and from one going on to two, and from two to all fair forms, and from fair forms to fair practices, and from fair practices to fair notions, until from fair notions he arrives at the notion of absolute beauty, and at last knows what the essence of beauty is." Plato, Symposium

Studio Gariboldi is pleased to present *the Greeks*, a group exhibition of artists whose works have contributed to the shaping of the contemporary Greek art until the present day. The main idea is to showcase a selection of artists from different artistic backgrounds but who were born into the same cultural traditions and individually evolved along their inner paths.

Artists in the exhibition: John Christoforou, Costa Coulentianos, Nicholas Georgiadis, Constantin Karahalios, Ioannis Kardamatis, Pavlos, Lucas Samaras, Theodoros Stamos, Vassilakis Takis
